

NEWS RELEASE

13 April 2010

New Members Monday

Halton Chamber of Commerce and Enterprise is hosting an informal introductory event, New Members Monday, on Monday 26th April, especially for new or potential members.

The free event will be held in the Conference Centre of Runcorn's Heath Business Park between 6pm and 8pm, and includes light refreshments.

Anyone who has recently launched a business or is interested in joining the Chamber is invited to come and find out about the benefits and how the Chamber works, without obligation.

Diane McLoughlin, the Chamber's client relationship officer, explained: "We want people to discover the Chamber is completely unstuffy and very approachable. Many of our members are involved in small or medium-sized businesses and find the networking opportunities and services invaluable.

"Halton Chamber still offers the most competitive membership rates of any business chamber in the North West. A sole trader can join for as little as £85, which is fantastic value for money. And anyone on the Enterprising Halton initiative has a year's free membership included as part of their start-up package.

"The benefits include a wide range of discounted networking events, a women in business network, a business buddy scheme, specialised procurement advice, annual awards, subsidised office accommodation, export documentation and free grant and funding advice."

To reserve a place at the free New Members Monday event, please contact Nicola Holland at Halton Chamber on 01928 516142 or email nicolah@haltonchamber.com.
