

PRESS RELEASE

Issued: 1 April 2020

NORTHWICH'S WINNINGTON BRIDGE REPAIRS POSTPONED DUE TO CORONAVIRUS

A major project to repair Northwich's Winnington Swing Bridge over the River Weaver Navigation has been postponed for several months due to the coronavirus outbreak.

The Canal & River Trust charity, which owns the bridge and 2,000 miles of waterways, has liaised with Cheshire West and Chester Council and decided that it is important to keep roads open and protect the dozens of workers involved in the project as the pandemic emergency sweeps across the country.

The postponement means that the planned closure of the bridge, scheduled for 10pm on Friday 3 April until 4am on Monday 6 April, will now not happen.

The Trust's expert engineering team will closely monitor the state of the bridge, which carries the A533 road between Northwich and Barnton, until the complex logistics for the joint repair project can be rescheduled – probably for the end of the summer.

For more information about the River Weaver Navigation, check out the Canal & River Trust website www.canalrivertrust.org.uk.

Notes to Editors:

The Canal & River Trust cares for and brings to life 2,000 miles of canals and rivers across England & Wales. We believe waterways have the power to make a difference to people's lives and that spending time by water can make us all healthier and happier. By bringing communities together to make a difference to their local waterway, we are creating places

and spaces that can be used and enjoyed by everyone, every day
